Subject: Need Trending on DRG 064

Susan – Just got out of a meeting with the Finance team. Need you to connect with Dave (CCed) to get an extract of the volume/dollar trending of DRG 064. I need a slide to depict trending for all severity levels for each line of business.

Dave – The team said you could provide a data extract fairly quickly to review. Let me know if you have any questions or need clarification.

Thanks,

Todd Manager

I'll work with Dave and pull something together for you. When do you need this by, and how many years of data do you need?

I'll let you know if I have any more questions.

Want to review something tomorrow if possible. The past three years should be enough. My hunch is that the trending is going to go up across the board. I'll forward a pic of what I think the slide should look like from my phone.

Call me if you need anything.
